Year 4

Week 25

Year 4 - Week 25

This week in a nutshell:

- As we are now entering the final third of Year 4 there will be no new focus objective this week. Instead, questions will be taken from the full range of objectives, as shown in the progression document, with one or more 'trickier' objectives identified each week for recap.

- If they are not already doing so, from this week, children should be encouraged to identify whether a question should be tackled using a written or mental method, rather than relying on the identification symbols.

- The recap objective for this week is:
  - *Find 10, 100 or 1 000 more or less than a given number* - focusing on questions which involve the bridging of a place value boundary.
