

Home Learning - 18th Feb 2022

Spellings- We would have done our common exception word test this morning. Dig out the sheet from last time and practise the ones you need to learn. 😊

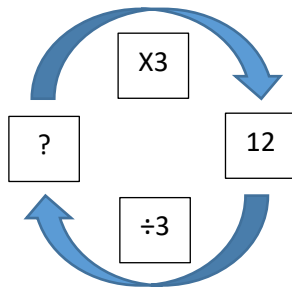

English- Trip Recount

We had an awesome time on our trip yesterday. Have a go at writing a recount of the day itself. Why not post it to school for us to look at after half term. 😊

Maths- In class today, we were going to be looking at missing number problems related to division and multiplication.

Let's look at $__ \times 3 = 12$. Look how I've written it below:

The opposite of times is divide so if I divide the answer by 3 I'll get the missing number at the beginning. This is similar to addition and subtraction being opposites. From this, I can see the answer is 4. You can then use your common sense to test your calculation e.g. 'I know that $4 \times 3 = 12$ '.

Year 2 should complete the following number sentences:

$$__ \times 3 = 9$$

$$__ \div 5 = 5$$

$$__ \times 5 = 35$$

$$__ \div 2 = 10$$

$$__ \div 10 = 10$$

$$__ \times 3 = 30$$

Year 3 should complete the following number sentences:

$$__ \times 8 = 64$$

$$__ \div 4 = 16$$

$$__ \times 3 = 93$$

$$__ \div 8 = 24$$

$$__ \div 4 = 40$$

$$__ \times 50 = 1050$$

Fluent in 5- See booklet for this week on Ash Home Learning Page. Complete day 5.

Times tables and division facts- Try hit the button on the times tables facts you're finding hard. <https://www.topmarks.co.uk/maths-games/hit-the-button>

Reading-Complete one of the reading comprehensions on the Ash Home Learning page.

PE- Today is 'Fitness Friday' for Health and Wellbeing week - hence we moved PE to today this week! Create a fitness circuit at home (inside of course) or go onto YouTube and have a go at one of Joe Wicks PE lessons from the previous lockdowns.
