Introduction

Perspective surveys are an opportunity to find out how a group of people perceive things that relate to your school or centre.

The following pages contain the results of your survey. Use this report to help you understand peoples perceptions and develop your school or centre to cater for or improve these perceptions.

The Survey

The survey was active between 02/03/2021 – 12/03/2021 and was answered anonymously.

The survey asks a series of questions which the person must rate. The ratings are as follows:

1. Strongly Agree
2. Agree
3. Neither agree or disagree
4. Disagree
5. Strongly Disagree
6. Not Applicable

Where a survey response contains offensive language, or information that breaches confidentiality/privacy, or information that endangers others, or information that might identify specific children, and where this is detected by automated processes in the software or by quality review, then these responses will be omitted from the survey report.
